

The logo for Flying Spares is centered within a dark blue rectangular box with a thin white border. The text "Flying Spares" is written in a white, serif font, with "Flying" on the top line and "Spares" on the bottom line.

FITTING INFORMATION FOR ALL SXR WIPER MOTOR'S

Thank you for purchasing a reconditioned wiper motor unit from us.

Please ensure before fitting the reconditioned wiper motor the Wiper arm linkage on the vehicle is operational and not seized in any way.

A seized wiper arm linkage can cause a misleading fault with the operation of the system, causing damage to the motor internally and may affect warranty.
